

Random and desperate

YOUTUBE @randomanddesperate United Kingdom, Manchester

? MY BOOK – Creator, Father & Survivor I wrote this book myself. Not a ghostwriter. Not a brand. Me. Creator, Father & Survivor is my real story — the parts you see on YouTube, and the parts you don't. This book goes deeper than the channel. It's about real life, not highlight reels. Inside the book, I talk honestly about: • growing up and where I came from • becoming a dad and what that responsibility really feels like • mental health, anxiety, burnout, and coping • work, pressure, money worries, and survival • mistakes I've made and lessons I learned the hard way • why creating content became more than “just YouTube” • how chaos, humour, and honesty kept me going If you've followed Random & Desperate, this is the unfiltered version — the backstory, the context, and the things that are hard to say on camera. ?
